Detailed discussion was held with the representatives of above 05 bidders, who submitted their grievances vide letters attached at Annexure – A.

The Technical Committee concluded as under:

1. As the equipment is required for Neurology and Neuro Surgery Department exclusively for treatment of Brain Tumors and various benign brain disorders, other Radiotherapy facilities are already available at KIRAN Hospital near Dow University Hospital.
2. **Intra-Cranial Stereotactic Gamma-Ray based Radiosurgery System** (Gamma Knife) is gold standard equipment for treatment of brain (Reference attached at Annexure – B) and can treat patients in single sitting.
3. Multiple Linear accelerators and Cyber Knife are already available in city.
4. Jinnah Hospital recently purchased Cobalt System, which was supplied by M/s. Medequips S.M.C.
5. Multiple **Intra-Cranial Stereotactic Gamma-Ray based Radiosurgery System** (Gamma Knives) are recently installed world-wide (Reference attached at Annexure – C).
6. Technical Committee recommends that specs should not be revised as system is exclusively required for brain procedures.
