

SAMPLE FORMAT OF RESEARCH PRESENTATION FOURTH YEAR MBBS DMC RESEARCH

To make Research Presentation according to this steps:

Keep slide font size easy to understand & Simple

Use Charts, Table & Graph

(Keep within the allotted time i.e. 8 Minutes)

➤ **Title Page of the Study with name of Group Members.**

➤ **Introduction:** (Briefly summarize)

Background /Introduction, Objectives, Rational (significance) of the study

➤ **Methodology:** (Briefly summarize & Make bulleted points easy to read)

- Study Design
- Study population
- Study Duration
- Sample Size
- Sampling Technique
- Inclusion / Exclusion Criteria
- Operational Definition
- Study Tool (any questionnaire)
- Data Collection Plan
- Statistical Analysis

➤ **Results:** Tables, Charts, Graphs

➤ **Discussion:** Compare your study result from other related published research

➤ **Conclusion**

➤ **Limitations**

➤ **Recommendations**

➤ **Acknowledgement**

➤ **References:** In Vancouver style (No need to read)

➤ **Questionnaire** (No need to read)
